

Project: Partial re-allocation of 220 kV transmission line Meghri-1

Customer: Zangezur Copper Molibdenum Combinat CJSC (Armenia)

Years: 2015 - 2016

Performed works:

- Supply and installation of 6 (six) 220 kV transmission line steel structures
- Dismantling of 4 (four) 220 kV transmission line steel structures

Project: Construction of 10 kV substation and OHL for copper mine Lichk

Customer: Zangezur Copper Molibdenum Combinat CJSC (Armenia)

Years: 2015 - 2016

Performed works:

- Supply and installation of container type substation
- Manufacturing, supply and installation of necessary steel structures and foundations for the substation and OHL
- Complex testing and commissioning of installed equipment

Project: Rehabilitation of “Yerevan-3 HPP”

Customer: “Power Engineering and Consulting PTE” LLC

Year: 2016

Performed works:

- Dismantling of power cables
- Dismantling of 110 kV surge arresters
- Dismantling of steel concrete constructions
- Dismantling of steel structures, busbar systems and post insulators
- Reconstruction of cable tranches
- Installation of double-wall pipes
- Installation of post insulators
- Installation of busbar system
- Installation of power cables
- Installation of end-terminations
- Commissioning works

Project: Electrification of Oil-refinery at the station Karmir Blur

Customer: Armenian International Airports JSC (Armenia)

Year: 2016

Performed works:

- Design of electrification
- Supplying and installation of LED lamps
- Installation of control cubicles
- Installation of power cables
- Civil construction works

Project: Repair of 10 kV busbar system at Hrazdan HPP

Customer: "Zenon" LLC

Year: 2016

Performed works:

- Supply and installation of polymer post insulators
- Commissioning works

Project: Repair of 10 kV busbar system at Hrazdan HPP

Customer: "MEK" CJSC

Year: 2016

Performed works:

- Repair of 10 kV power cables
- Installation of connection and end terminations
- Commissioning works

Project: Reconstruction of 10 kV cable line between SS-219 and SS-165 in Gyumri

Customer: “Electrical Networks of Armenia” CJSC

Year: 2016

Performed works:

- Installation of power cables
- Installation of connection and end terminations
- Civil construction works for cable trench construction and rehabilitation of asphalt roads afterwards

Project: Reconstruction of 10 kV cable line between SS-64 and SS-25 in Gyumri

Customer: “Electrical Networks of Armenia” CJSC

Year: 2016

Performed works:

- Installation of power cables
- Installation of connection and end terminations
- Civil construction works for cable trench construction and rehabilitation of asphalt roads afterwards

Project: Reconstruction of 10 kV cable line between SS-38 and E-house-65B in Gyumri

Customer: “Electrical Networks of Armenia” CJSC

Year: 2016

Performed works:

- Installation of power cables
- Installation of connection and end terminations
- Civil construction works for cable trench construction and rehabilitation of asphalt roads afterwards

Project: Construction of new 6/0.4 kV substation for Medical Center in Vanadzor

Customer: “Filishin” LLC (Armenia)

Years: 2016- 2017

Performed works:

- Supply, installation and commissioning of 1000 kVA, 6/0.4 kV transformers
- Manufacturing and installation of KSO type power cubicles
- Manufacturing and installation of ЩО type cubicles
- Manufacturing and installation of busbar system
- Supply and installation of power and control cables
- Installation of connection and end terminations
- Installation of lighting system
- Full set of commissioning works
